WHAT OTHERS HAVE SAID

I have been looking everywhere for homeschool planner that met by needs that I could custom make. This worked file worked great for me, was simple and cute! I printed what I needed and then bound it together and has been working great for our homeschool year.

– Meghann R.

I bought and printed this planner to make my own version at home. It's beautiful and very well done!!! I LOVE how each month has seasonal graphics. I'm one of those people who loves to add holiday or seasonal stickers to my planners but I never have time. Then I end up finishing the year with a dull black and white planner. This has solved that problem!! So colorful, but not too busy. Lots of different options. Great seller! Unbeatable price!! Outstanding customer service!

– Michelle C.
